

Studies show that 70% of employees who lose or quit their jobs do so for one reason - they can't get along with their co-workers, supervisors, and/or customers. This is a staggering statistic and one that deserves the immediate and focused attention of educators. The ability to get along with others will serve students in all aspects of life, in the classroom, at home, and in the workplace.

The *Power of People Skills* 9-Day unit will address conflict resolution, the art of compromise, and the power of 'win/win' engagement. Students who develop good people skills will be better prepared to deal with difficult people, handle unpleasant environments, and manage uncomfortable situations.

The comprehensive Teacher Manual includes all lesson plans, daily schedules, student handouts and evaluation tools needed to complete the 9-Day unit.

## Learning Outcomes

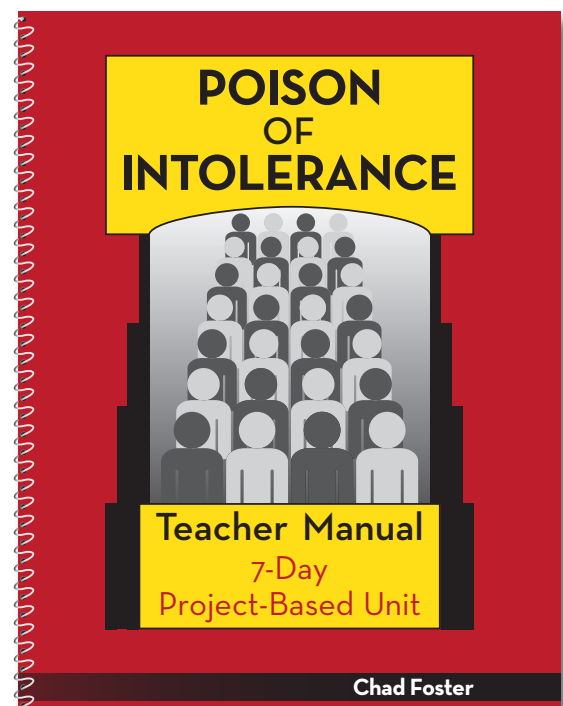

- **Improve Listening Skills**
- **Develop Networking Skills**
- **Recognize Danger of Burning Bridges**
- **Understand the Art of Compromise**
- **Pursue Win-Win Engagement**
- **Learn how to Agree to Disagree**

## Career Readiness Curricula Used in 1,100 Schools Nationwide

Since 99% of all workers do not get to choose their co-workers, bosses and/or customers, intolerance of any kind will seriously limit workplace success and greatly diminish career opportunities. Students who expect to survive and succeed in the global workplace will need traits that enable them to work with and work for people from all walks of life. Intolerance is a learned behavior and therefore, with proper strategies, can be unlearned.

The *Poison of Intolerance* 7-Day unit will address acceptance of differences, focus on similarities, and respect for diversity, all of which are essential to the process of unlearning intolerance.

The comprehensive Teacher Manual includes all lesson plans, daily schedules, student handouts, and evaluation tools needed to complete the 7-Day unit.

## Learning Outcomes

- **Understand that Intolerance is a Learned Behavior**
- **Recognize Role of Diversity in Global Economy**
- **Make Connection between Tolerance and Success**
- **Conclude that there is No 'Normal'**
- **Focus on Similarities, not Differences, in others**
- **Develop Strategies to Un-learn Intolerance**
